k Expert - Series

Industrial balances of low profile, economic and multipurpose

Utility and economy come together in the K-Expert Series or all-purpose bench scales. The low profile design makes them perfect for shipping, receiving, and general bench applications.

Low-profile base with stainless steel pan designed for stability and durability.

Easily used in multiple locations and positions with 3-way mounting bracket, coiled load cell cord and battery operation.

Ready-to-weigh right out of the box.

Easy two-button operation.

Stability indicator.

Auto-zero tracking .

Battery saving auto-off timer, (after 5 minutes of inactivity).

Accessories

Calibration weight.

Model	Capacity (Max)	Readability (d)	Pan size
KE6R	6 Kg	2 g	310x270
